Established in 2008, Chudasama Outsourcing is recognized as one of India's top 500 startups. Our dedicated team comprises over 50+ experienced architects, engineers, technicians, and draftsmen. We excel in project management, industrial outsourcing, and building design, having successfully collaborated with more than 1500 clients globally. Chudasama Outsourcing offers professional implementation services for AEC firms adopting Building Information Modeling (BIM). We provide architectural CAD drawings, shop drawings, structural detailing, CAD conversion, MEP drawings, BIM coordination, clash detection, 3D modeling, 3D rendering, PDF to CAD conversion, CAD to BIM conversion, and family creation services. Our team has extensive experience in these areas. We ensure top-quality services, focusing on quality, time, and cost. Our straightforward plan makes projects efficient on both sides. Frequent communication is key to the success of the process and project.
