Bamian Auto Parts is a family business with humble beginnings. The company was founded by two brothers who saw an opportunity and began to toil away to make their vision a reality. After 13 years in the business, Bamian Auto Parts is one of the leading vehicle dismantlers in Auckland. We want your experience with our company to be second to none. Our yard contains over 1400 complete vehicles and our warehouse contains over 20,000 loose parts. We supply second hand, genuinely new, and aftermarket Auto Parts for Japanese and European makes and models.
