Since 1996, Property Check has provided reports on residential and commercial properties in Christchurch, Canterbury and Marlborough. We are qualified building surveyors that are members of the 'NEW ZEALAND INSTITUTE OF BUILDING SURVEYORS'. With our speciality being in investigating properties for pre-purchase or pre-sale it matters to us that we give the right information to you so you can move ahead with confidence. Our reports are clear, straightforward, informative and use plain English whilst also explaining in detail the significant issues so you can understand what to expect from your property.
