At Big Estimate, we take pride in providing a full suite of Quantity Surveying (QS) services designed to meet the needs of contractors throughout New Zealand. Our experienced team of Quantity Surveyors combines deep industry expertise with the latest digital tools to deliver precise, actionable Bills of Quantities. By seamlessly integrating these detailed measurements with real-world construction cost data and client input, we craft competitive pricing strategies that empower contractors to win bids and execute projects profitably. Our services don't stop at cost estimation. We work collaboratively with onsite teams to ensure smooth project execution, from pre-tender planning to final delivery. By leveraging our knowledge and practical insights, we help contractors maintain budget control, enhance efficiency, and meet project deadlines with confidence. As a trusted partner since our founding in 2017, Big Estimate has earned a reputation for reliability, accuracy, and client-focused service. Located in the heart of Hamilton at Panama Square, we remain committed to offering tailored, professional support to both first-time clients and long-standing customers. Whatever the scope or complexity of your construction project, Big Estimate stands ready to provide the tools, knowledge, and support you need to succeed.
