📍 Dunedin

📱 See on ServiceFinder.co.nz

Dunedin International Airport is located west of the city center so it makes sense to pick up your rental car here rather than get a taxi into the city and then pick up your hire car. Dunedin Airport is a popular arrival destination for a range of different travelers, including those on business and leisure trips. It is particularly popular for those whose onward journey involves travel in the southern part of South Island. Flying into Dunedin Airport on a clear day rewards you with stunning views of the Southern Alps and Otago Basin area. When it comes to cheap car rental in Dunedin, you have a range of options. If you are arriving at the airport, however, the best is almost always to choose a car hire option at Dunedin Airport. <http://www.comparenewzealandrentalcars.com/dunedin-airport-nz-car-rentals.html> <https://www.inkitt.com/comparerentalcar>
