Founded in 1991, China UK Valves Manufacturer Co., Ltd. (<https://www.valves-uk.com/>) is a specialist in the production of forged steel valves. Our diverse product line includes Forged Steel Gate Valves, Globe Valves, Check Valves, Forged Steel Ball Valves, as well as Valve Actuators and Switches, each designed with precision and tailored to meet specific industrial needs. With over three decades of expertise, we have earned a strong reputation as a leading manufacturer of forged steel valves, known for our exceptional product reliability and competitive pricing. Our valves are widely used across key industries such as Chemical, Petrochemical, Oil & Natural Gas, Power, Refineries, and Industrial Plants, providing essential solutions for fluid control and system management. Our company operates on a 23,400 square meter site, with 22,000 square meters dedicated to advanced manufacturing facilities. With an impressive annual production capacity of 25,000 tons of forged steel valves, we are fully equipped to deliver high-quality products that meet the most demanding industry standards while maintaining cost-effectiveness. For high-performance forged steel valves that you can trust, China UK Valves Manufacturer Co., Ltd. is your reliable partner in industrial valve solutions.
