China Valve Industry Co., Ltd. (<https://www.chinavalvesflange.com/>) has been a leading force in the valve manufacturing sector since its establishment in 1989. With facilities covering over 200 acres and a factory building spanning 5,300 square meters, we proudly employ around 500 dedicated staff members, including 30 skilled technicians. Based in Fujian, China, we have earned a strong reputation for quality and innovation, supported by our advanced technical center and expert research team. We offer a diverse range of valves, including ball valves, gate valves, safety valves, blind flanges, and weld neck flanges. Our products are crafted from durable materials such as forged steel, cast steel, and cast iron, all manufactured to meet international standards for reliability and performance. We are committed to meeting the varied needs of our customers across different industries. At China Valve Industry Co., Ltd., we are driven by a commitment to quality and customer satisfaction. This dedication has enabled us to expand our global footprint, exporting products to markets in Southeast Asia, Canada, Germany, Italy, Australia, Pakistan, and Singapore. Our international reach is a testament to our commitment to delivering exceptional valves and unparalleled service.
