Deano's Print and Press is a family run and owned boutique business. We have a specialised printer that prints onto different types of vinyl which we then press onto your garments. We also offer a range of products like coffee cups, tote bags, bucket hands and more. We are a proud eco-friendly business that uses' eco-solvent inks and where possible other eco-friendly products. We believe in always delivering premium quality products to our loyal clientele - you can expect 100% cotton garments whenever possible! Our team is also able to also print on Garments supplied by our clients upon request.
