Energy Efficiency Assessments Ltd (EEA) is a leading provider of essential property inspection services in New Zealand, dedicated to ensuring homes meet the required Healthy Homes Standards. With a range of services including Healthy Home Checks, Smoke Alarm Inspections, Methamphetamine Testing, and Moisture and Mould Testing, EEA is committed to enhancing property safety and compliance. Their expert team offers thorough and reliable assessments for both residential and commercial properties across North to South Canterbury, Otago, and the West Coast. EEA also offers detailed reporting and guidance, providing landlords and property owners peace of mind. Whether you're renting, buying, or selling, EEA helps you make informed decisions about the property's condition. With EEA, you'll ensure a healthier, safer environment for tenants and occupants.
