Oak Furniture Store specializes in high-quality solid hardwood furniture, including coffee tables, dining sets, and bedroom furniture, all made with materials like Oak, Beech, and Walnut. Since 2014, they have become New Zealand's largest retailer of durable, handmade furniture that combines traditional craftsmanship, such as dovetail joints and tongue-and-groove backs, with timeless designs. The store offers a wide selection, including living room, home office, and bedroom pieces. Customers can enjoy nationwide delivery and installation services, ensuring a seamless shopping experience. Oak Furniture Store takes pride in using 100% real hardwood, without MDF or chipboard, and passes savings from its direct supplier relationships to customers by eliminating middlemen, making their solid furniture an excellent investment for any home. <https://oakfurniturestore.co.nz/>
