Online Naturopathic Consultations for convenience. With shared screens, documents discussed and then emailed with a easy to follow treatment plan. then a follow up appointment to ensure you are making progress with your health and to provide ongoing support. Many people are finding this an efficient approach - in regard to time, costs (of petrol etc) and reducing exposure to the public interface. When/if you prefer to see me in person, I am available at Te Ngaere, Northland; and every 4 weeks I come to Auckland and run my clinic in Kingsland. Bookings can be made on www.naturalange.co.nz
