Temporary Traffic Lights NZ is Wellington's leading provider of portable traffic management solutions, offering both short-term and long-term traffic light rentals. Their services include 24/7 support for setup, maintenance and emergency repairs, ensuring uninterrupted operation. They offer advanced models like the MPB3400 and MPB4000, which are Waka Kotahi-approved and feature state-of-the-art technology including radar sensors and customisable programming options. These lights cater to various traffic scenarios such as one-way, three-way and four-way intersections, making them versatile for different needs. Temporary Traffic Lights NZ is committed to providing reliable, cost-effective solutions to keep traffic flowing smoothly and safely.
