Wiggins Building Solutions Limited was founded in 2018 and have already built a strong reputation in the Waikato Area as a reliable, high-quality and affordable building company. Run by the Wiggins Brothers, Steve & Pete Wiggins Building Solutions is a truly family-owned and operated local company. We are Licenced Building Practitioners and members of Certified Builders New Zealand with considerable experience in the building industry giving you confidence that you are getting the highest quality workmanship for your building project. We work on all sizes and types of building projects including residential new builds, renovations, extensions and maintenance jobs. New builds – whether you are building a small home, a large family home, or a high-end luxury home, we can help at Wiggins Building Solutions. Renovations – from straightforward renovations, such as replacing your kitchen or bathroom, to major modernisation or restoration projects, we are the building contractors you can depend on. Light commercial – our light commercial building experience includes shop and office fit-outs, commercial premises renovations, building maintenance, and more. DIY advice – our expert builders are available to help with any DIY issue you are facing. Being a family-owned and operated business is an important part of the service we provide. Being from the Waikato area is important to us too. We're from this area and our customers from this area, so we strive on every project to ensure our work meets and exceeds expected standards.
